Holistic Transformation

As a clinical hypnotherapist, Dr. Khetan believes in the innate capacity of every individual to create positive change within themselves. She adopts a **holistic approach** that integrates the power of the subconscious mind with evidence-based therapeutic techniques. Her sessions are designed to help clients tap into their subconscious, where deep-rooted beliefs and emotions reside, and facilitate profound transformation at the core level.

Empathetic Healing Environment

Dr. Khetan's empathetic and non-judgmental demeanor creates a **safe and nurturing space for clients** to explore their innermost thoughts and feelings. Through her exceptional listening skills, she establishes a strong rapport with her clients, fostering trust and openness. She believes that the therapeutic relationship is built on mutual respect and collaboration, and she actively involves clients in their healing process.

Specializing in Psychological Issues

With a broad range of expertise, **Dr. Khetan specializes in addressing various psychological issues**, including anxiety, depression, phobias, trauma, and self-esteem issues. She is particularly known for her work in helping individuals overcome deeply ingrained habits and addictions, such as smoking, overeating, and substance abuse. By delving into the subconscious mind, she helps clients identify the underlying causes of their behaviours and replaces negative patterns with positive ones.
